

All Ability Cycle Club

Details

Description

Our Olympic Park club meets outside the Lee Valley VeloPark and gives you the opportunity to explore the North side of the park along its wide, smooth paths. We have a large selection of bikes available and we can get you set up on the right bike or bikes for you and your group. Bikes can be borrowed for a 20 min ride. If it is your first club, ask the instructors about the routes they recommend. You will need to register with a member of staff when you arrive at your session. The details collected are for monitoring and reporting to our funders in anonymised form. We do not share you full details with any third parties.
