

Arts for All

Description

Service Description

Arts For All is a community creative centre based in Shoreditch in the East End of London. We run creative clubs and classes for local people, and aim to build confidence through creative achievement. We run exciting clubs for all ages, working in many different art forms and materials.

An important part of our work is with local children and young people. With junior art and craft clubs and youth work as a priority, Arts For All is enriching lives. We encourage children to develop creative hobbies and interests, in an atmosphere of fun and laughter; and we offer a colourful, vibrant place for them to call their own!

We believe strongly in inclusion and, at Arts For All, people from many different social and cultural backgrounds unite in friendship and creative exploration.
