

# Sensory Exploration Sessions

## Details

### Description

Let your baby explore their senses in these warm and welcoming Sensory Exploration Sessions. What to expect - Join FEEL Theatre for weekly Sensory Exploration Sessions for babies. Babies love to explore with their senses (especially their mouths!) and at FEEL Theatre they believe that sensory play is amazing for brain development, as well as stimulating, and a lot of fun! Each week your baby will explore different textures, smells, tastes, and learn about cause and effect. Please arrive to each workshop with your baby prepared to get messy and parents/carers should be prepared to get a little messy too! Suitable for babies 0 - Crawling
