Additional Information

We are proud to be able to call this an inclusive school, meaning that we welcome all children and work hard to meet all their needs.

We value a strong relationship with parents as partners in the education process. Working closely with the wider community enables each child to make the best possible progress and to gain maximum benefit from all the opportunities this school offers.

In caring for the pupils and for each other we seek to reflect the image of Jesus who cared for all without distinction. Our caring promotes: a spirit of tolerance where people of diverse identities are recognised, welcomed, respected and cherished; a spirit of listening, mutual understanding, trust, reconciliation, healing and peace.

Religious education is central to the whole school curriculum. Faithful to our Catholic roots we promote a spirit of charity, social justice, global awareness and concern for others that lead to practical outreach and partnerships.

Our school begins the life long process of growth in relationship with Christians and other people. It is an open family in which all are helped and challenged to realise their full potential and to experience the fullness of life in Christ. Our hope is to nurture our pupils into becoming people who will make a positive contribution to the growth of a society built on Christian values inspired by the words of Saint Paul: "...being many we are one body in Christ depending on one another." Romans 12:5
