

Globe Primary School

Description

Service Description

Globe School is a great school with wonderful, fun loving, inquisitive and happy children who behave well and always try their best. Our staff are great too! They are hardworking, committed and have caring, positive and professional relationships with our children and parents. Our parents are a delight to work with, always keen to support our children.

This website aims to give you a flavour of what we do and how we do it. It will only give you some general information as we have a secure internet based environment which children, parents and governors can access by entering a username and password. This is called GlobeNet MLE (Managed Learning Environment).

Once you become a pupil and parent at Globe you will be given a username. However, if you are a prospective parent, employee or have an interest in the school, you will find lots of general information about us here on this website.

Our school aim is for children to be happy, enjoy learning and to do the very best they can. We are very proud of our school, and the community that it serves. If you would like to visit us, please contact us by phoning or using the contact form on this website and you too will see what a thriving, safe, friendly and stimulating school we have.

Additional Information

Additional Information

The school environment consists of a large three storey refurbished Victorian building, within a walled playground. We have a continuing programme of improvement to keep the premises attractive, safe and comfortable for everyone. We have the added unique feature of a roof playground.

We have a nursery and fifteen attractive and well resourced classrooms which are fully equipped with computers, overhead projectors, interactive whiteboards and sound systems. We also have an extremely well equipped computer room, as well as a library, music room, resource room, meeting room as well as several group rooms for individual and group sessions.
