

# English Martyrs Primary School

## Description

### Service Description

The school is very well resourced and there are computers available in each class, with the added facility of a new computer suite. The suite has 22 computers, the latest educational software, an interactive whiteboard and also benefits from a number of laptops. There is a dedicated music room and an attractive library.

The school also has some lovely gardens and considering its location in the heart of London, some well established trees surround the grounds. It has a junior and an infant playground and plans are underway to develop use of grass areas for the children.

---
