

# Family Lives

## Description

### Service Description

As well as our core family support services offered through our helpline, email support and online chat, we also work in many different areas and offering tailored support around issues such as bullying, special educational needs, and support for specific communities.

We are one of the first organisations to be awarded a new HSSF quality mark for our work in helping support separated families. This will help parents access a range of support to help them during this challenging time.
