Description

Service Description

WorkPath is a unique employment service for all Tower Hamlets residents, providing support for people at all levels of work, skill or experience. If you live in Tower Hamlets, we can provide employment support tailored to your needs, whether you need basic skills or advanced training; access to work experience, apprenticeships or graduate schemes; CV help, interview preparation and more.

If you are already working, we can even help you make a fresh start in a new career direction, or progress higher in your chosen area of work.

Our job is to give you the right mentoring, support and helping hand that you need, so you can move forward on your path to employment and realising your full potential.

There are hundreds of different types of courses, training providers, employment services and projects in and around the borough, and we know it can be difficult knowing where to start.

This also includes many other advice and support services related to housing, health and other areas of life, helping you to ensure you can get the best start on your employment journey.

For example, your WorkPath journey may include:

- Training to get ready and confident for employment
 - Gaining new skills or qualifications
